COMMENTS FROM THE TOWN MANAGER'S OFFICE

Recently it was necessary to request a recipient of town aid to present his number plates to the Town Office if any further food orders were to be issued. The plates were never presented, therefore no food orders were issued. Previous to the request the recipient was given an opportunity to work out any relief furnished. Work was performed for a part of two days and then failure to report. A later inquiry brought no legitimate excuse or reason for not working.

According to the Town Ordinances no overnight parking of motor vehicles on Village Streets is permitted after Nov. 1st. Now that the first storm of the winter has arrived this ordinance will be enforced.

Three tax anticipation notes were issued during the year in the amount of \$25,000 each. Usually no payment is made until the end of the year, but due to two thirds of the State School Subsidy having already been received one note has been paid, thus making a saving on interest charges.

At least in recent years there has been no inventory taken at the Town Garage. An inventory was taken last week of all tools, equipment, parts and supplies, a copy of which is on file at the Town Office.

NEAR TWO FOOT STORM ENDS FALL SEASON
Snowfall starting Monday evening amounted to 18 inches locally Tuesday morning and snow continued to fall during the day and evening. Schools were closed and traffic was delayed at times.

The abrupt end to an extended period of generally ideal fall weather brought electric interruptions and other inconveniences. However little or no damage has been reported.

PLAN FORMATION OF SKI AND OUTING GROUP

Plans are under way for the organization of a ski and outing club in the Locke Mills area. All interested adults are invited to attend a meeting at the Mt. Abram ski lodge at 7:30 Friday evening, Dec. 1, when Pete Lafean of Lewiston will be the speaker. He is connected with the Eastern American Ski Council (USEASA) and is chairman of club programs and vice president of the Maine Ski Council. Ken Lasse, Mt. Abram ski instructor, will also be present. Formation of the club with election of officers is expected at this meeting.

CRASH SERIOUSLY INJURES FORMER BETHEL WOMAN
Miss Florence Blake of Auburn, formerly of Bethel, is reported to be comfortable at the CMG Hospital where she was taken after an automobile accident Sunday afternoon. She suffered multiple fractures of both legs and pelvis in a head-on collision near the Danville underpass when returning from her work at Pownal. Said to have been blinded by the sun, the driver of the other car went over the center line.

WORK THROUGH WINTER ON NEW CNRR UNDERPASS

The new railroad underpass which is being built at the northerly edge of Bethel village to replace the existing narrow outmoded "overhead bridge," now carrying U. S. Routes 2 and 26 traffic over the Canadian National Railroad tracks, is expected to be under construction most of the winter, according to Walter B. Lovett, Jr., resident engineer for the State Highway Commission.

The highway portion of the overall project, which is designed to eliminate the hazardous intersection just south of the railroad tracks along the westerly approaches (Railroad Street) to town, will probably not get underway again until spring. The clearing is completed on a section of relocated Route 2 west of the Church St. junction and a four and a half foot thick blanket of material has been placed over it to protect it from the frost. This is so the work may resume as soon as possible after the winter months.

H. E. Sargent of Stillwater is the prime contractor on the project, which will cost an estimated \$457,000. William D. Moore of Livermore Falls is the subcontractor on the underpass and a small bridge at Mill Brook, a concrete rigid frame structure at the westerly end of the work.

The only inconvenience to traffic this winter will be the short detour of a few hundred feet around the construction at pier No. 1 of the underpass. Frank Foster, who is resident engineer for the state on the structures involved in the project, said that the forms for pier No. 1 would be put in place this week and material would be trucked in to build up the fill at the abutments. After the fill is in place and has had a chance to settle, pilings will be driven down into it to support the concrete abutments. By spring the steel beams will have been erected and forms will be built to place the concrete deck.

The small bridge at Mill Brook is now about half done, and is expected to be completed this winter. The structure will carry relocated Route 2 over the stream.

In the spring the contractor will begin the reconstruction of Railroad and Bridge Streets, complete the construction of the relocated section of Route 2 and build several ramps of a partial interchange. The facility will eliminate most crossings of traffic at grade.

The entire project is expected to be completed and ready for traffic in the fall of 1962.

Mr. and Mrs. William Von Zintl will spend Thanksgiving with Mr. and Mrs. Ernest Charlton and Mr. and Mrs. Euberto York, at Amesbury, Mass.

The report of the Bethel School Needs Survey Committee, which was appointed by the selectmen last March as authorized at the annual town meeting, was released last week. The nine member committee, working with the superintending school committee, was divided into several subcommittees whose reports provide a quite complete appraisal of the present school situation. A copy of the report may be seen at the Bethel Library.

The committee consists of Chairman Dexter Stowell, Secretary Mrs. Asher Runnels, Mrs. Dana Brooks Jr., Sumner Burgess, Theodore Chadbourne, Frederick P. Grover, Robert D. Hastings, Mrs. Loton Hutchinson, and Carroll E. Valentine. School committee members are Stanley E. Davis, Rodney K. Howe, and Richard Thompson. Subcommittees were: Population and Enrollment, Chairman Carroll Valentine, Mrs. Brooks, Frederick Grover; School Building Evaluation, Chairman Robert Hastings, Stanley Davis, Rodney Howe; Curriculum, Chairman Sumner Burgess, Mrs. Hutchinson, Richard Thompson; Finance, Chairman Dexter Stowell, Theodore Chadbourne, Mrs. Runnels.

The 38 page report included several graphs, pages of statistics showing birth and enrollment data of several sections of the town, sizes of schoolrooms and number of pupils in each, besides about 30 typewritten pages of general information including the committee's conclusions and recommendations.

The committee report is summarized in the following: Future of Bethel Schools
In discussing the future of Bethel Schools the following ideas were presented.
1. The Crescent Park Area is a logical area for school expansion. It is centrally located and contains our most modern school.

2. Replacement of the Primary School will be necessary in the future.

**HIGHWAY NIGHT PATROL
BEGINS EIGHTH SEASON**

The State Highway Commis-
sion announces that its night
patrol began its eighth season
Saturday keeping watch of the
condition of about 1,800 miles
of the state's most-traveled
highways. This year the patrol
extends its coverage to include
two, newly-opened sections of
Interstate highway—5.5 miles
of freeway from Hogan Road,
Bangor, to Stillwater Avenue,
Orono, and 8.2 miles of free-
way from East Deering to the
interchange south of Yarmouth.
The SHC's night patrol will

UEL GARDNER APPOINTED DIRECTOR OF SUNDAY RIVER SKI SCHOOL

Uel F. Gardner

Uel F. Gardner, formerly of
the Paul Valar ski school at
Cannon Mountain and Mitten-
sill, will head the Sunday Riv-
er ski school this winter. A na-
tive of Farmington, N. H., and
a certified instructor, Uel has
been an active skier since he
first tasted the sport at the
tender age of 23 months.

After serving as captain and
coach of the champion Air
Force ski team in California,
he then worked as assistant
winter sports director and head
of the junior ski program at
Yosemite National Park. When
he returned to the East he at-
tended Plymouth State Teach-
ers College and then headed
the junior racing program at
Cannon Mountain. He has been
with Paul Valar for the past
two years.

be on the job every night
throughout the winter months
ready to call out plowing and
sanding crews if needed. Pat-
rolmen also carry enough sand
in their trucks to cover short,
icy sections in dangerous lo-
cations.

During their tour of duty,
patrols contact their division
offices by radio at least once
each hour, through the night,
reporting weather and road
conditions. This information is
passed on by the division offi-
ces to the department's head-
quarters office in Augusta ev-
ery 2 hours. Every day at 6:00
a. m. and at 10:00 p. m. a state-
wide report is made available
by the Augusta office to the
Presque Isle, Ellsworth, Bang-
or, Portland and Rumford Di-
vision offices. Telephone num-
ber of the Rumford office is

AN S. O. S. TO PARENTS

Would you expect your child
to become an expert piano
player without having a piano
on which to practice? The an-
swer is obvious. So is the fact
that your child must have
books to become an expert
reader.

The ability to read well dic-
tates success or failure in
school. It is not enough today
just to know how to read. A
child should enjoy books so
much that he reads widely on
his own initiative. The more a
child reads the more he mas-
ters language—not just read-
ing, but writing, speaking,
spelling, vocabulary. The ab-
ility to communicate ideas ef-
fectively is essential to college
and adult life.

Good books widen a child's
knowledge of the world, his un-
derstanding of other people and
of himself.

Convinced of the need for
books many parents are baffled
by the job of finding the right
ones. More than 1500 chil-
dren's books are republished each
year. Some of these are super-
ior; some are inferior books
disguised in fancy jack-
ets.

One answer to this problem
is to join a Children's Book
Club. Another answer is to con-
sult your librarians or your
child's teacher. Book lists
from publishing companies
furnish information as to what
age level a book is most en-
joyed.

There is a royal road to
knowledge going straight from
the class room to the library.
In the library the children com-
plete their journey into un-

TODAY'S Meditation

Thursday, November 23

Read Psalm 67

There is one body, and one
Spirit, . . . one Lord, one faith,
one baptism, one God and
Father of all. (Ephesians 4:
4-6.)

A few months ago I was in
Bolivia. Beyond a group of rus-
tic huts, the virgin forest ex-
tended for untold miles with-
out any road or trail. There
was the jungle with all its
mysterious, luxuriant, and all-
embracing vegetation.

Some Christians from the
Orient were gathered together
in a house built with funds pro-
vided by Swiss Methodists.
They were led by a pastor of

understanding which was begun
in the class room.

Surround your child with
books, read them books, and
listen to them talk about books.
Make books a part of their
lives.

One of the biggest troubles
with success these days is that
its recipe is about the same
as that for a nervous break-
down.

the United Church of Japan,
brought there by the generosi-
ty of some North American
friends.

We had come together to
dedicate that House of God. I,
an Argentine citizen born in
Italy, spoke in English, which
was translated into Japanese
by the pastor. The Scriptures
were read in Spanish, and the
songs were sung in Japanese.
Prayers were offered in those
three tongues. That was a truly
ecumenical service. The real
common link was Christ's lan-
guage—His love.

Only when we forget our de-
nominational and national
pride, and when we all learn
Christ's unique language, will
all the people praise Him unto
the ends of their earth.

PRAYER: Gather, O God, all
our churches, by Christ's
love. Into one, universal,
holy church, that all the
people of the earth may
know and love Thee, in
Christ's name. Amen.

Thought For The Day
"You are all one in Christ
Jesus."—Sante Uberto Barbieri
(Argentina)

"Cocktail?"

(Her "She'll think I'm a sad sack if I say no!")
(She "I don't want it, but what will be think?")

Do you have to drink, when you're out
on a date or a party?

You might think so, to read some
advertisements or listen to some radio
shows.

Millions of dollars in liquor propa-
ganda are saturating the public with
the idea that drinking is socially indis-
pensable.

Smartly dressed men and women, in
lavish surroundings, eagerly consume
the advertiser's product. Handsome
athletes, beautiful girls, even grand-
mothers try hard to push the public into
believing that everyone drinks. Text
and commercials imply that alcohol is
safe as milk.

But what are the facts?

Actually, liquor is far from the
beneficent product that its manufactur-
ers would have you believe. Most peo-
ple, including those who drink, know
that alcohol often causes irreparable

harm. It is a depressant, not a stimu-
lant. One out of twenty drinkers be-
comes an alcoholic.

Why not determine your attitude
toward drinking from your viewpoint
—not from the viewpoint of those who
profit by what you drink? It is a fact
that alcohol cannot help you attain
health, happiness, or financial security.
It is a fact that alcohol can easily cause
you to miss out on these. Why be mis-
led by propaganda to the contrary?

For the fact is, again, that drinking
is not essential socially, or otherwise.
You can get along fine without it. And
you need never hesitate to say, "No,
thanks, I don't drink." You'll be
thought the better of, and feel better,
for saying so.

fine without it!**

TEN COMMANDMENTS OF HOW TO GET ALONG WITH PEOPLE

From the Wytheville (Va.) Enterprise:

The Enterprise received this past week end from the Virginia Press Association the following unique editorial-type article. It was with double interest we read the Ten Commandments for a happy and truly successful life. In the first place we have always had a desire to find true happiness, and to be truly successful (not from a purely monetary viewpoint) is a most worthy ambition. The second reason for our keen interest in the article is that it appeared many years ago in the Enterprise—but not this (Southwest Va.) Enterprise—it was the Enterprise printed in Blair, Oklahoma.

Great truths never change, with the ever changing customs, fashions, etc. The 10 Commandments for happiness and success although penned years ago, are even more applicable today. Thus we suggest to every reader, that he this day resolve to keep these commandments of how to get along with people:

1. Keep skid chains on your tongue, always say less than you think. Cultivate a low persuasive voice. How you say it often counts more than what you say.

2. Make promises sparingly and keep them faithfully, no matter what it cost you.

3. Never let an opportunity pass to say a kind and encouraging thing to or about someone. Praise good work done, regardless of who did it. If criticism is needed, criticize helpfully, never spitefully.

4. Be interested in others, interested in their pursuits, their welfare, their homes and families. Make merry with those that rejoice; with those that weep, mourn. Let everyone you meet, however humble, feel that you regard him as one of importance.

5. Be cheerful. Keep the corners of your mouth turned up. Hide your pains, worries and disappointments under a smile. Laugh at good stories and learn to tell them.

6. Preserve an open mind on all debatable questions. Discuss, but not argue. It is a mark of superior minds to disagree and yet be friendly.

7. Let your virtues, if you have any, speak for themselves, and refuse to talk of another's vices. Discourage gossip. Make it a rule to say nothing unless it is something good.

8. Be careful of another's feelings. Wit and humor at the other fellow's expense are rarely worth the effort, and may hurt where least expected.

9. Pay no attention to ill-natured remarks about you. Simply live that nobody will believe them. Discarded nerves and a bad digestion are a common cause of backbiting.

10. Don't be too anxious about your dues. Do your work, be patient and keep your disposition sweet, forget self, and you will be rewarded.

Americanism Award For Chicago Patriot

BENSAVILLE, ILL. — The Flick-Ready Americanism award and flag for 1961 is presented to Dr. Sidney L. De Love, president of Chicago's Independence Hall Association, by Frank Flick, left, of the civic-minded hydraulics firm here. Currently the firm is presenting a special Public Affairs series in its revolutionary "Factory of the Year" exhibition on the award reads "To Independence Hall and its president, Sidney De Love for 'Their Outstanding Service to the Cause of Americanism in the Community in which They Work and Live'."

Dr. De Love's award came for his courageous stand during the recent Chicago Trade Fair. While he was promoting freedom on one side of the aisle, the Yugoslav exhibition on the other was passing out packets of Red propaganda. Obtaining the pamphlets, Dr. De Love protested to fair officials since

they'd denied his request to display copies of J. Edgar Hoover's "Masters of Deceit", a textbook on Communist tactics, on grounds it had nothing to do with trade or commerce.

Meanwhile a Polish official registered a protest against the ringing of the Liberty Bell at the Independence Hall display. Dr. De Love was asked by a fair official to stop ringing the bell.

Bob Siegrist, Milwaukee radio commentator, revealed the story in one of his nightly broadcasts from the fair. Officials first denied existence of the Red pamphlets, then admitted the distribution, but claimed they were innocuous and had approval of both U.S. State and Commerce departments. Fair officials presented Dr. De Love with a written order to stop ringing the Liberty Bell but he defied the order since his contract specifically provided for its ringing.

Magazine Examines Problems Moving Companies Don't Handle

A host of details, not included in the tasks performed by long distance movers, can create havoc for families on the move, according to Changing Times, the Kiplinger Magazine.

In the current issue of the magazine, the editors list these hidden problems of moving and suggest some solutions. Items calling for special attention include:

GOULD ACADEMY

Fall Sports' Award Assembly
Football letters and certificates and cross country letters, awards and certificates were presented at an assembly Monday morning, Nov. 20. This was an excellent fall season for Gould—only one loss in football, and a chance to participate in both the state and New England meets in cross country. Both teams and their coaches deserve hearty congratulations.

The following are the cross country and football awards. Those starred won their letters for the first time this year. The others, having already received a letter during another season, were given certificates.

Cross Country: Daniel Grover, Fred Judkins, *Clarence Remington, Allan Ring, Edward Tibbitts, *Raymond Weymouth (mgr.).

Football awards: *Robert Amrein, *Samuel Bartholomew, Harry Brown, James Corrievau, Scott Cummings (Capt.), *Franklin Emery, *Gregory Glines, *Stephen Groves, Paul Hamilton, *Arthur Hammond, David Hawkes, Gary Hill, *Paul Imhoff, *William Jordan, *Harry Kimball, Jay Langley, Owen Melville, Emerson Merrill, *Dwight Mills, Stephen Parent, Stephen Saunders, Brian Scotchorne, *Dale Stevens, *Peter Swift, *Stuart Twitchell, James Weston, *Kevin Wight, *John Young, *Clifton Jackson (mgr.).

Harry Kimball will be next year's football captain and the cross country captain will be Daniel Grover.

An announcement is made of the forthcoming retirement of Zenas A. Merrill, effective January 1, 1962. He has been a long-time faithful employee of the Academy, beginning his work in June of 1941. Previous work experience was for F. J. Tyler of Bethel. Mr. Merrill will live in his Northwest Bethel home. His friends at the Academy wish him many pleasant years of retirement.

With reckless bravado he tramped on the gas; With careless abandon he pulled out to pass; He was lucky at that, till he met, and to say, Another wild "cowboy" a-head-in' his way!

Remember you no matter how close-by you move, the article notes. Attention to details can reduce the weeks, months and even years of troublesome situations that arise.

SAFE WALKING TIPS

WEAR SOMETHING WHITE AFTER DARK

When the sun goes down, pedestrian deaths go up. The reduced visibility during the darkness hours makes both walking and driving conditions more difficult.

It is no coincidence that the largest number of pedestrian deaths occur during December—the month with the most hours of darkness. As the days grow longer, the toll drops off sharply.

The Maine Highway Safety Committee offers the following advice: You can protect yourself best when walking at night by wearing a light article of clothing, preferably shoes or stockings (trousers in case of men) since the headlight beam of most cars will first hit low on the body. On the other hand, dark clothing greatly reduces the distance you can be seen by approaching vehicles, in some cases, as much as 50 per cent.

Don't take unnecessary chances. Wear something white at night, and give the driver a chance to see you.

EVENING EXTENSION

The Bethel Evening Extension Group met at the Home Ec. Cottage on Tuesday, Nov. 14. The meeting was called to order by the chairman, Mrs. Gibson. The secretary's report was read and accepted.

The slate of officers as presented by the nominating committee was as follows: Chairman, Thirza Gibson; Secretary, Alberta Merrill; Treasurer, Maud Hunt. It was moved and seconded to accept the slate of officers as stated.

A supper is being planned for the Dec. 12 meeting. New members are to be guests of the old members.

Wrapped Christmas gifts for the children at the Hyde Home are to be brought to this meeting.

With the exchanging of ideas of Christmas decorations and gift suggestions the meeting was concluded.

We closed our business meeting and discussed the dances that we put on for the 4th, 5th, 6th, 7th, and 8th grades on Friday nights. Respectfully submitted, Nancy Brown

of responsibility for safety on our streets and highways to anyone else," continued Governor Reed. "Each of us must be eager to do his share—and a bit more—to reduce the number of traffic tragedies. We need no magic formula to do just that. Courtesy and common sense, plus extra caution every moment we are behind the wheel or walking in traffic, are the ingredients which will spell success for our safety efforts. Let's be sure that these qualities characterize our own driving and walking habits, not only during this holiday week end, but on every day of the year."

Col. Marx pledged a "round-the-clock effort by State Police during this critical period, and added:

"Certainly, we are all aware of the accident potential of a long holiday week end and of the absolute necessity for more than ordinary care. We shall make every effort to control traffic and to prevent crashes. You can help with your conscientious, sober driving."

O. C. Crabtree. The bride's gown was royal blue, her bouquet, red carnations. The sister of the bride, Miss Imogene Rushing, was maid of honor. Both the best man, John J. Drummond, and the bridesman were wearing their Navy uniforms. A reception, at the bride's home, 1803 Dorothy Avenue, Panama City, followed the ceremony.

COUNTRY FLAVOR

TURNIPS FOR THE COWS

Turnips are a tangy, satisfying vegetable for both cows and humans. A moderately powerful bulb, well-mashed and mixed with the right amount of seasonings, goes well with the countryman's pot roast. Luffy mashed potatoes, bread 'n' butter pickles, hot biscuits and juicy nutmeg-topped apple pie.

Turnips were an important crop in those less-hurried years when women luffed out their hair with "rats" instead of permanents, and men wore high stiff collars to keep their chins up. On Mountain View Farm, Father grew a big patch of yellow-fleshed rutabagas for both the family and the cows. A 12 year-old knew turnips intimately through long hours of hoeing, thinning, pulling, and carting the bulky bulbs to the house cellar and the barn.

Shaving the turnips was a daily, late-fall task as soon as a lad reached home from District Nine and got into his home clothes. It was monotonous and messy work. The mail order catalog said of the Peerless Cutter, "Capacities by hand, 30 to 50 bushels per hour." It could be a statement of fact but a young future citizen was never tempted to prove it.

Undoubtedly the cows appreciated the juicy food along with their Timothy and clover and cottonseed meal. But when a countryman looks at that hood cutter, dust-covered and sitting out the years under the far corner of the west scaffold, he doesn't bother to raise turnips for his gentle-eyed Jersey.

Haydn S. Pearson

It is falling in love with our own mistaken ideas that makes fools and beggars of half mankind.

—Edward Young

"His thoughts were slow, his words were few, and never formed to listen; but he was a joy to all his friends—you should have heard him listen."

—Blairstown, N. J. Examiner.

"If you are too busy to take an interest in government, feel that getting mixed up with politics is bad for your business or beneath your dignity, then at least take time for one thing: Teach your children to count to twelve." Washington (D. C.) Roll Call.

30 YEARS AGO

Ethel May Shorey and her players presented the drama, "The End of the Trail," at Locke Mills Town Hall.

There were several days of warm weather with temperatures up to 70 degrees.

Deaths: Adney Tuell, W. B. Rand.

40 YEARS AGO

Mr. and Mrs. Fred I. Clark left to spend the winter in California.

Bethel Grange conferred the third and fourth degrees on five candidates.

A. Fred Currier, 64, of Medford, Mass., died from exposure while lost on a hunting trip in Andover.

Death: Chester B. Cushman.

50 YEARS AGO

Z. W. Bartlett set up a portable sawmill on his home farm at East Bethel.

There was no ferrying at Hanover on account of the ice.

ROBERT O. TRUMAN

Robert O. Truman of Upper Montclair, N. J., died last Thursday at the Presbyterian Hospital, Newark, N. J., after a brief illness.

He was born 56 years ago in Owego, N. J., and was a graduate of Manlius Prep School, Syracuse, N. Y., and Wharton School of Finance, University of Pennsylvania. For 17 years until retirement in 1954, he was editor of Scott Publications, New York City.
